Davis Refinery – ND has not yet contacted me about setting up a meeting with our permit writers. I'll follow up early next week on scheduling. Our modelers have completed a review of modeling files and we are inquiring with NPS to learn if they have reviewed.

Gail,

Do you have anything I should bring up to Carl and/or Martin in the Air Weekly Update meeting at 2:30 today? Feel free to join if you think that's easier.

Scott
